

CASE STUDY

# Standard Life

## About Standard Life

Standard Life is a major asset managing group with around 7 million customers. Standard Life plc has around 1.5 million shareholders in over 50 countries.

## The Problem

Standard Life required project management expertise to help them through demutualization and Initial Public Offering.

## The Solution

We provided project management expertise using our Project Delivery method and Rapid Project Mobilisation to facilitate successful transfer of £90bn of investment funds to the new institution.

## The Benefits

Upskilling and knowledge transfer to Standard Life's employees and the successful transfer of funds on the delivery date.

*We provided project management expertise using our Project Delivery method.*
